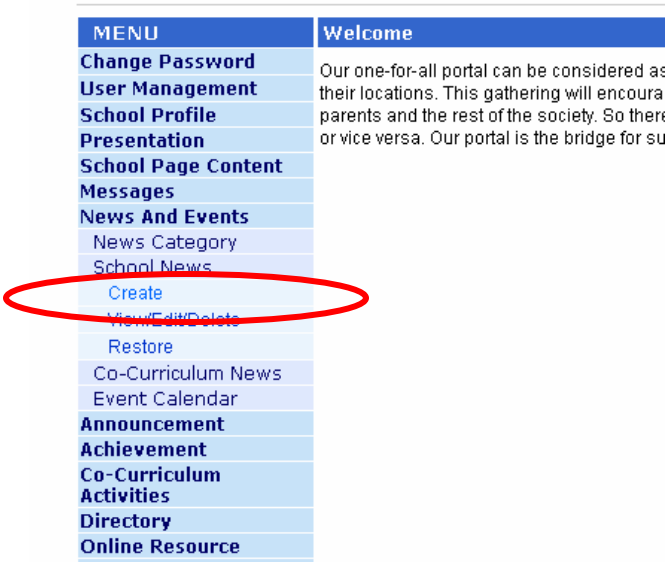
How To upload



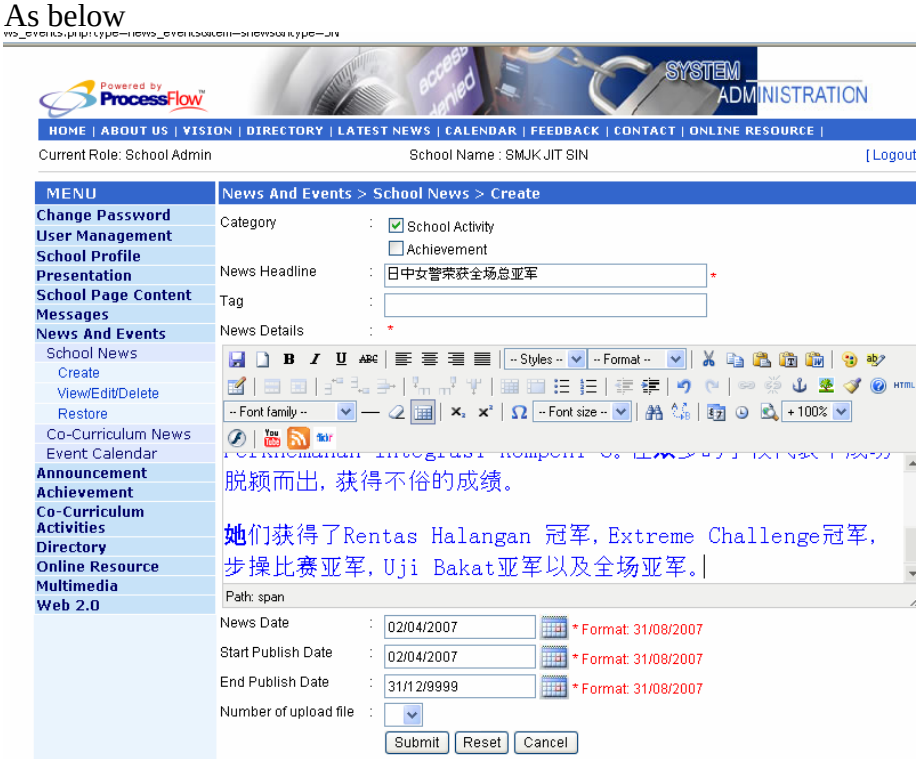
Choose school activity

You can use html, or just text format

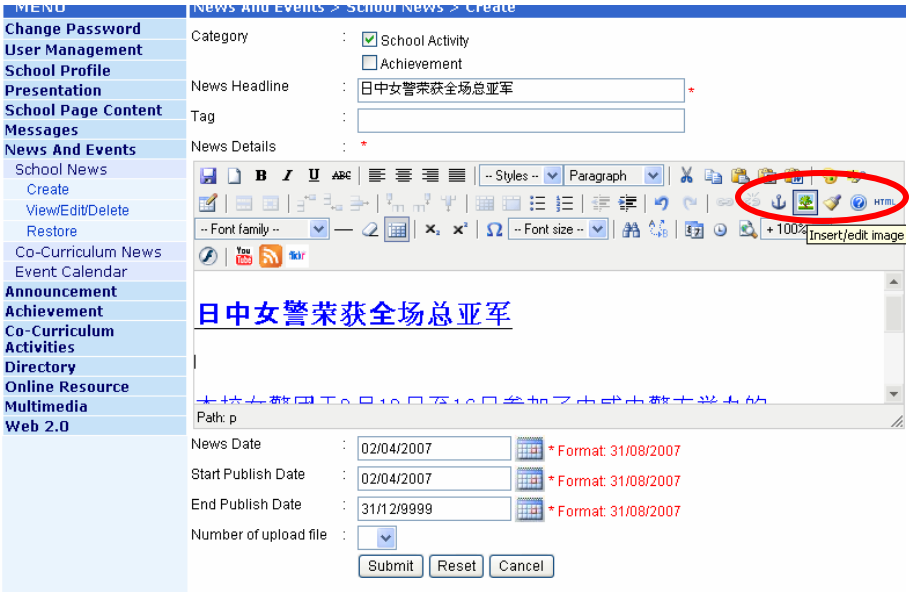
Or you can ready your article in Ms Word, then just copy and paste on it. (I did so)

Prepare the space where you want to insert the image(if problem)

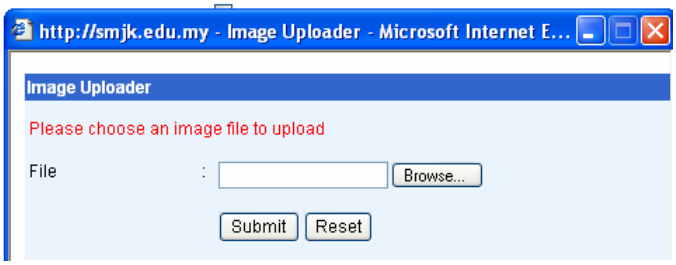
As below



Then click to insert image, as below :

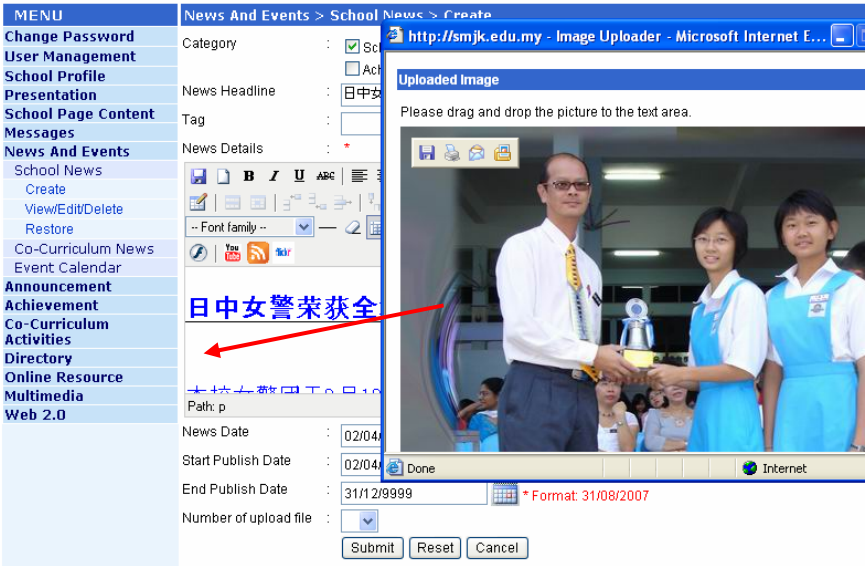


Will appear as below

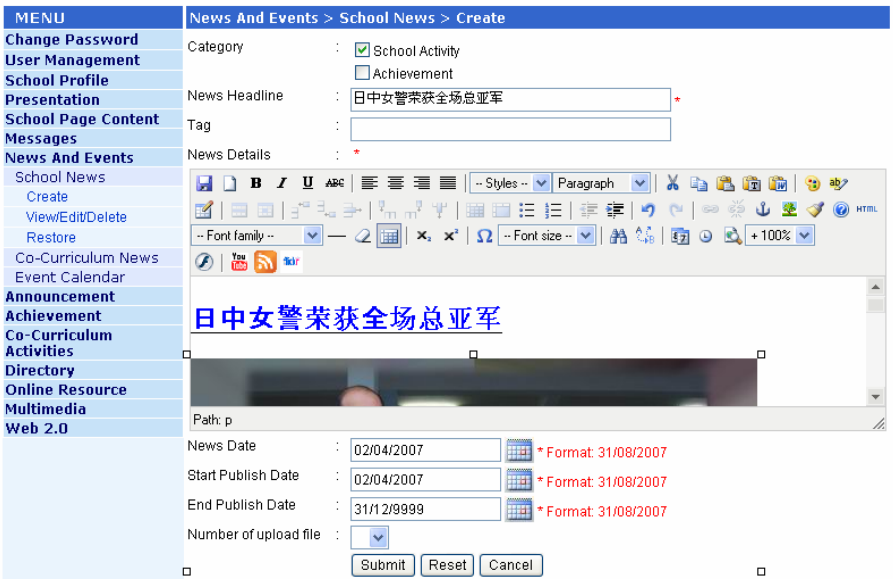


Click browse to choose the image that you want to be upload.
Then click Submit.

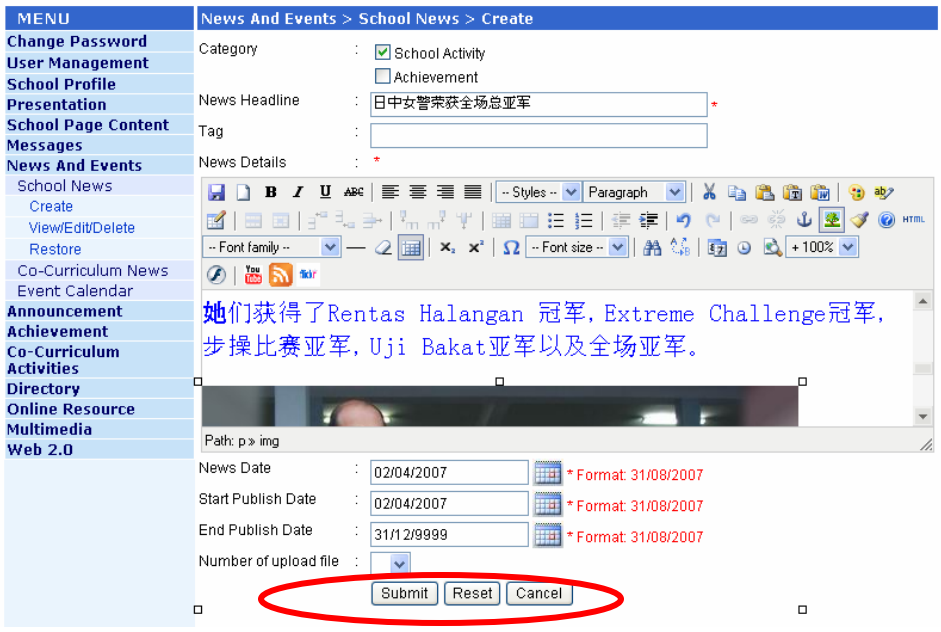
Just drag and drop the picture to the text area.



As shown



After finish, just click Submit



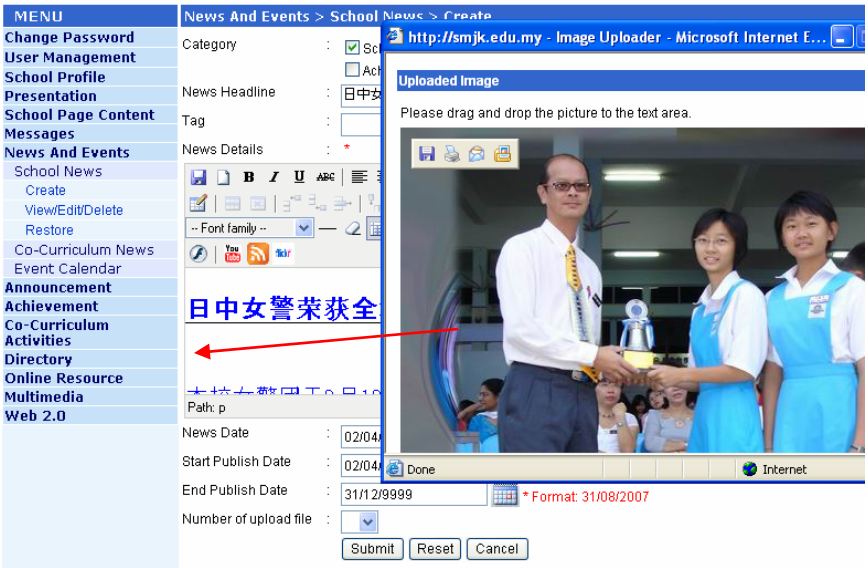
That’s all
Enjoy !!

PROBLEM :

If after you paste the text, then you click ENTER to insert the image, although it show, upload success , BUT when you browse, it totally not appear.

What I Did

I will prepare everything in Ms Word, include the space (Enter) where I want to insert the image. Then copy all from Ms Word and just paste it in the space.
After browse the image and drag to that space already prepare.



That's all.
